Unspoiled. Tranquil. Natural. Stunningly beautiful. This is how people describe the Maldives. But as their eyes close and their voices drift off, you wonder if it can be described. You just have to experience it yourself.

Centara Grand Island Resort & Spa Maldives would be an ideal way. Its location on South Ari Atoll is the essence of the islands: white sand rimmed by palms, a spectacular reef, an infinite azure horizon. What makes this resort ideal, however, is its concept of a holiday here. It should include everything. Food and drink. Sailing, exploring. A soothing massage. An array of accommodations to choose from, 112 in all, ranging from beach suites to overwater villas.

For honeymooners, couples and families, this is the Maldives resort that understands what a trip to paradise should be.

COMFORT, ISLAND-STYLE

Your home in paradise will delight you with its thoughtful amenities and stylish Maldivian décor. Water Villas, perched above the lagoon and connected by wooden walkways, are ideal for couples and honeymooners. Balconies, stair steps to the water, and over-water netting complete the dream of your own private cottage suspended above the crystal-clear ocean.

There’s a more spacious Water Villa option designed for families. Or a family can relax in a Beach Suite, with two levels, a living room, and a furnished terrace where parents can watch their children play on the beach at their doorstep.

For extra luxury, the resort’s most premium rooms include Club level privileges and amenities such as a private plunge pool.

Awake to a dream, the melody of waves on the reef beneath you.
AN ABUNDANCE OF FLAVOUR

Your holiday in paradise will also be remembered for the quality and variety of its refreshments. Start your day with champagne breakfast at Reef. This all-day restaurant also showcases international cuisine at its lunch and dinner buffets. Azzuri Mare, set above the lagoon, is a romantic spot for Italian dishes and fresh seafood. Suan Bua specialises in authentic Thai food with a contemporary twist. Aqua and the Coral Bar & Lounge are set over the ocean – perfect places to spend a lazy afternoon or enjoy the sunset.

Of course, you may also ask us to serve you in your villa. Or join our nightly sundowners event for tapas in a convivial atmosphere. For honeymooners and couples, plan the ultimate special occasion: a private, 4-course, champagne dinner for two on our secluded Finolhu island.
